### Statfree F Plus™ - Conductive Corrugated Vinyl

- **Corrugated slip resistant surface**  
Provides excellent traction even when wet
- **Rp 10E3 - 10E5 ohms**  
Meets ESD floor requirements of EN 61340-5-1
- **Antistatic, low tribocharging**  
Minimal charge generation on mat
- **Made in America**  
Superior quality

### Statfree i™ - Conductive Ergonomic Interlocking Rubber

- **Anti-fatigue ergonomic design dome/support cell structure**  
Soft feel improves worker comfort and productivity
- **Durable homogeneous rubber**  
Long life, will never delaminate
- **Patented interlocking strip**  
Easily configures to fit your requirements; no need to order special lengths
- **Rp 10E3 - 10E5 ohms**  
Meets ESD floor requirements of EN 61340-5-1
- **Made in America**  
Superior quality

### Statfree EB™ - Conductive Anti-Fatigue Rubber

- **Durable industrial grade rubber**  
Excellent value providing long-lasting life; consistent electrical properties; will never delaminate
- **Firm support gives, but stays cleaner**  
Sharper looking facility with lower maintenance costs
- **Rp 10E3 - 10E6 ohms**  
Meets ESD floor requirements of EN 61340-5-1
- **Made in America**  
Superior quality

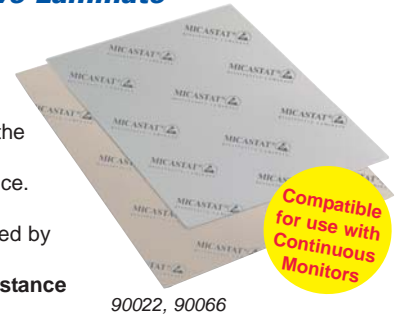

### Statfree G2™ - Conductive Smooth Rubber

- **Heat, chemical, and abrasion resistant**  
Excellent floor mat for around wave solder machines and other challenging manufacturing environments
- **Easy to cut**  
Configure to fit your requirements
- **Reversible rubber**  
Extended use, saves money
- **Rp 10E3 - 10E5 ohms**  
Meets ESD floor requirements of EN 61340-5-1
- **Made in America**  
Superior quality

### Micastat® Dissipative Laminate

- **High pressure laminate**  
Resistant to hot solder and most solvents. Static control properties will continue for the lifetime of the material. Exceeds NEMA standards for wear resistance.
- **Low tribocharging**  
Well under the 100V required by EN 61340-5-1
- **Rp 10E6 - 10E9 ohm resistance**
- **Made in America**  
Superior quality

### Micastat® Grounding

#### 90200 Installation Tool

Use installation tool to install the 90202 and 90204. For details ask for Technical Bulletin PPE-5035.E.

#### 90202 Flush Mount Insert

The flush mount insert provides an excellent ground path for grounding static dissipative laminate such as Micastat.

#### 90204 Flush Mount Insert with Dual Bench Mount

Item 90204 includes all components in 90202 and all items to ground two banana plugs.

### Micastat® has Lifetime Electricals

Micastat® has a physical, patented, carbon inner sheet layer that provides its electrical performance. This carbon layer and electrical properties will exist until it is physically removed or destroyed.

### Double Sided Adhesive Tape

- **Pressure sensitive adhesive with release liner**  
Use on mats that slide around or curl and create a tripping hazard. Great choice for securing mats to metal carts and work station surfaces.
- **Multiple uses**  
Can be applied to concrete or sealed floors, metal carts, work benches, and just about any other hard surface
- **Made in America**  
Superior quality

## Clean Your Mats with Reztore™ Antistatic Surface & Mat Cleaner

- **Static dissipative solution**  
Cleans and restores ESD mats
- **Does not contain silicone**  
Cleaners with silicone leave an insulative layer, preventing conductive or dissipative mats from functioning properly
- **Made in America**
