Universal Snap Kit, Push and Clinch Snap

- Universal Snap Kit is recommended for homogeneous and multi-layer mats
- Push and Clinch Snap is recommended for multi-layer mats with a conductive inner layer

Convertors, Stacking Snap Banana Jack, Alligator clip

- Convertors allow for many styles of cords to be used on mat snap
- Stacking Snap Banana Jack provides a banana jack anywhere that has either a 10mm snap stud (male) or a 10mm snap socket (female). It also allows multiple attachments to the same grounding point.
- Alligator clip will slip onto a banana plug, allowing you to ground a cord wherever the clip can be attached

Mat Ground Cord with 10mm Socket

- 10mm female snap socket Easily snaps to mat stud
- Ground cord 3m long
- Extra ring terminal included Provided for customising cord length
- Includes 1 Megohm resistor
- Made in America Superior quality

EPA Bond Grounding Point for Bench Mat and Two Wrist Straps

- Two banana jacks Provides two grounding points for wrist straps or carts
- Ground cord 4.5m long
- 10mm snap stud Easily snaps to mat socket, flush to mat surface
- Either socket or ring terminal at end of cord Allows easy attachment to ground
- Includes 1 Megohm resistor
- Made in America Superior quality

Floor & Table Mat Ground Cord with 10mm Stud

- Low profile Helps keep employees from tripping on cord connection
- Ground cord 4.5m long
- 10mm snap stud Easily snaps to mat socket, flush to mat surface
- Either socket or ring terminal at end of cord Allows easy attachment to ground
- Includes 1 Megohm resistor
- Made in America Superior quality

Euro Grounding Block

- 10mm, banana and shrouded banana connectors Contact Charleswater for custom connectors
- Fitted with three 1 Meg 1 Watt resistors
- Designed to be mounted on under-side of benchtop or shelf

Ground Bonding Point

- Convenient connection to power socket Enables grounding through mains earth

Ground Your Mats

Use 60358 or 60348 to ground your working surface mats.

Use 60474 to ground your working surface or floor mats.
